

Corporate Sustainability Pass Programme

50% Funding Available

Drive company-wide awareness and skills across core sustainability areas with online training aligned to your corporate climate action strategy and objectives.

Overview

The Sustainability Pass is designed to help organisations transition to a more sustainable future by supporting staff of all disciplines and skill levels in developing awareness, knowledge and skills in core sustainability areas including energy, water, waste, biodiversity, sourcing and responsible citizenship.

Programme Features:

Multi-User Onboarding Support

Our Onboarding Representatives will help you launch and implement your corporate-wide programme, reducing administrative burden while maximising learner adoption.

Insights, Analytics & Reports

Access data and insights into learner progression as well as learner idea reports so you can track training activity, identify trends and tailor your programmes to align with business objectives.

Communications Support

Receive campaign planning support and customised collateral/resources to promote the programme internally and drive engagement

A Scalable Learning Solution

This programme is designed to help you scale sustainability training to your entire workforce.

Sustainability Pass Corporate Programmes

Staff Awareness & Compliance

Benefits to the Business

Develop a Culture of Sustainability

Demonstrates how each individual can play a pivotal role in creating a culture of sustainability in the business.

Demonstrate Commitment to Climate Action

Provides powerful evidence to showcase key stakeholders your commitment to Climate Action e.g. Origin Green, EPA, SEAI, etc.

Resource Efficiency

Engages all employees in contributing to enhanced resource efficiency and reduced costs.

The Learning Experience

The Sustainability Pass is delivered online and takes 60-90 minutes to complete. The course includes the following engaging and interactive online learning modules:

- Sustainability
- Climate Ready
- Energy
- Travel
- Waste
- Water
- Biodiversity
- Assessment for Certification

Digital Credential:

Learners who successfully complete this programme will receive a digital credential and certificate of completion.

What Participants Say

"The Sustainability Pass online training course supported a training need for greater sustainability awareness and guidance to colleagues on how to impact and contribute to sustainability goals in their daily actions."

"Sustainability is a topic at the very core of business today and in AIBMS we are delighted to partake in the Sustainability Pass to help us all better understand this challenge and how we can Do More."
